

# Let's Send a Letter!

What do you want to say?

1. Choose a special person to write to.

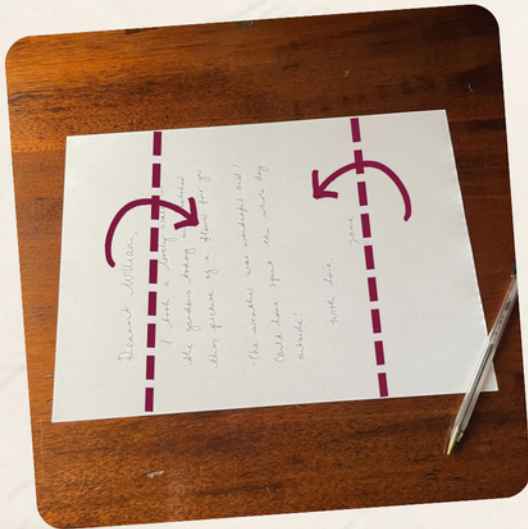

2. Grab a piece of A4 paper and tell them about your day or something interesting you found on a walk.

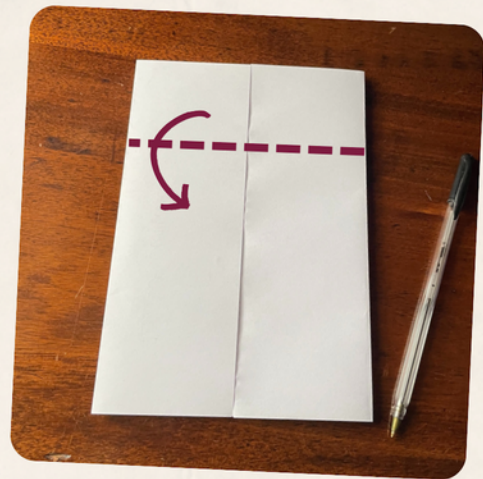

3. Think about including a photo, pressed flowers or something to make your letter extra special.

# Turn your letter into it's own envelope!

1. Turn your letter on it's side and fold the short sides in until they reach the middle.

2. Fold the top down by 1 third.

3. Fold the bottom up to almost meet the fold you just made.

4. Slip the bottom of the letter inside the top.

5. Seal your letter.

Use a sticker or try some wax and a stamp!

6. Flip it over, write the address and pop a stamp on.

7. Post it and wait for a reply!

## Get Creative!

By changing where you make the folds, you can create letters of all different sizes!
